**Instructions:**

1. Click on File -> Make a copy

**Include your IPO Chart with your code in Eclipse IDE:** We will discuss and demonstrate this in the computer lab.

# IPO CHART

| **Program name:** | **MySavings** | |
|---|---|---|
| **INPUT** | **PROCESS** | **OUTPUT** |
| Hint: What will the user input? | Hint: What is the program going to do with the input information? | Hint: What will the screen display after user input? |
| The user will input any number from 1-4 to correspond with the type of coin they insert | The total starts at zero; you define the nickels, pennies, etc., using +=. Depending on your choice, that number will be added to that total | First, it will output what option you want, then the total balance. |
