Instructions:

1. Click on File -> Make a copy

Include your IPO Chart with your code in Eclipse IDE: We will discuss and demonstrate this in the computer lab.

IPO CHART

Program name:	**House**	
INPUT	**PROCESS**	**OUTPUT**
Hint: What will the user input?	Hint: What is the program going to do with the input information?	Hint: What will the screen display after user input?
The user will input nothing.	Loops through each number from 1 to 100. Finds proper divisors by looping through each number up to 2, and it adds the divisor to the total if number % i = 0, and sees if the sum equals the original number	Displays 2 perfect integers.
